

MACHINE LEARNING IN PHYSICS

JUPYTER LAB

HARRISON B. PROSPER

PHY6938

Installation of Anaconda

1. Go to website: <https://docs.anaconda.com/anaconda/install/>
2. Download the installer for your operating system and follow the prompts to install **Anaconda Distribution**.
3. Either download from GitHub:
git clone <https://github.com/hbprosper/MLinPhysics>
or from Canvas **test.ipynb** and **python_minimum.ipynb**
